Section 13.12.135 “Rate Schedule” is amended as follows:

The new section shall read:

13.12.135 Rate Schedule.

A. Base Rate.

The base rate for all customers shall be \$20.00 multiplied by the number of units served, except for those discussed in subparagraphs 1 and 2, below.

- 1) The base rate for a lodging facility shall be \$10.00 per unit.
- 2) There shall be no base rate for RV Parks that are not connected to the city’s water system.

B. Consumption Charge.

In addition to the base rate, each customer shall pay \$3.37 per 100 cubic feet of water consumption, payable in increments of 100 cubic feet or any portion thereof. Water consumption will be determined each year by averaging the customer’s water meter readings during the months of November through February ~~of the winter~~. This average shall then be applied to each customer’s monthly bill until it is next updated. Average consumption shall be re-computed in March of each year.

1) Customers without previous history upon which to calculate an average consumption shall be charged according to the city-wide average consumption for their type of use (i.e. single family, multi-family, commercial) as of the preceding calculation.

2) For the purpose of calculation, customers who do not occupy their homes for any period in excess of one month between November 1st and March 1st shall be charged according to the city-wide average consumption for their type

of use (i.e. single family, multi-family, commercial) as of the preceding calculation. If such residents notify the city of their absence, they shall be charged only the base rate during those complete months they are absent.

C. RV Parks and Campgrounds.

RV Parks and Campgrounds that are not connected to the city's water system shall provide a monthly accounting of the number of spaces available, occupied under a monthly lease ~~and both occupied and lived in~~ and of the number of transient customers. ~~To be counted as a lived in space, an occupied space must only have been lived in 1 day during a given month~~ Such RV parks shall be charged \$30.00 for each space ~~both occupied and lived in~~ under a monthly lease, the base rate of \$20 for each space occupied and not lived in, and \$8.04 per month for unoccupied spaces and \$1 per transient customer.

On March 1st of each year, this rate shall increase according to the Consumer Price Index for All Urban Consumers (CPI-U) as of August of the previous year, rounded to the nearest penny.
