**Subject:** Re: Buying land from NB

Brian,

Here are some images of styles I'm looking at. Steel building with a modern look. Between 3-6 rental units for small business or office space. One or two air BNB units and the top floor would be a single family resident unit with a balcony. Since it's early I don't have plans or drawings but I'm open to sharing ideas and getting feedback on what the City would like to see in a new building.

Thanks  
Jennifer
